**COMPANY: Quanta Government Solutions**

**JOB TITLE: Project Manager**

**DEPARTMENT: Construction Operations**

**LOCATION: Idaho**

**REPORTS TO: Director of Construction Operations**

**CLASSIFICATION:**

#### **POSITION OVERVIEW:**

We are seeking a highly experienced and results-driven Project Manager to lead and oversee federal projects. With a minimum of 10 years of experience, the ideal candidate will demonstrate exceptional project management skills, a deep understanding of federal regulations and compliance, and a proven track record of delivering complex projects on time and within budget. Problem solving and strong communication people skills are a must.

#### **What You’ll Do:**

- **Project Leadership:** Manages integrated Design-Build (DB)/Engineering, Procurement, and Construction (EPC) teams from project inception through completion, including during pursuit phase if requested with the goal being to ensure alignment with the organization and client.
- **Stakeholder Management:** Collaborate effectively with federal agencies, internal teams, subcontractors, and other stakeholders to ensure project objectives are met.
- **Budget and Resource Management:** Develop and manage project budgets, allocate resources efficiently, and ensure cost control throughout project lifecycles.
- **Compliance and Risk Management:** Ensure strict adherence to federal regulations, guidelines, and security standards, proactively identifying and mitigating risks.
- **Schedule Management:** Create and maintain detailed project schedules, tracking milestones and deliverables to ensure timely completion.

- **Team Leadership:** Supervise and mentor project teams, fostering a culture of collaboration, accountability, and excellence.
- **Reporting:** Prepare and present comprehensive project status reports, ensuring transparency and effective communication with all stakeholders.

**What You'll Bring:**

**Experience:** At least 10 years of experience managing federal projects, with a proven ability to deliver complex initiatives successfully.

**Education:** Bachelor's degree, Business Administration, Engineering, or a related field; master's degree preferred.

**Certifications:** PMP (Project Management Professional) certification preferred; additional certifications such as PgMP, ITIL, or Six Sigma are a plus.

**Regulatory Knowledge:** In-depth knowledge of federal regulations, compliance standards, and procurement processes (e.g., FAR, DFARS).

**Technical Skills:** Proficiency in project management software (e.g., MS Project, Primavera, or equivalent) and advanced knowledge of Microsoft Office Suite.

**Soft Skills:** Exceptional leadership, communication, problem-solving, and decision-making abilities.

**Clearance:** Background check, active security clearance or the ability to obtain one, depending on project requirements.

**Preferred Qualifications:**

- Experience with construction contracts for DoE, DoD, DHS, GSA, or other federal agencies.
- Familiarity with agile methodologies and tools for project management.
- Demonstrated success in managing small- and large-scale state or federal programs.

**Preferred Licenses/Certifications**
