

CDL A Driver/Feed Mill Operator.

Standard Dairy Consultants

The role of the CDL A driver/Feed Mill Operator is as follows; delivery of feed products to our clients with a 40ft stinger/ auger trailer throughout the Magic Valley, Treasure Valley, Eastern Idaho and Northern Utah, and working production in the feed mill. Responsibilities will include delivering custom feed products, operating the feed mill, bagging products in 50-pound bags and stacking on pallets, driving a forklift, inspecting inbound and outbound loads, following FSMA, CGMP's, DOT and OSHA guidelines, and maintaining our quality assurance standards. Role rotates through driving/delivery, mill operator, warehouse, bagging and receiving. Position requires a high level of detail and mobility. The trained employee is responsible for compliance with all company policies, local, state, and federal laws and regulations.
