Now Hiring: Experienced Farm Equipment Operator / Mechanic
Full-Time, Year-Round | American Falls / Rockland, Idaho
Legacy Agro Business

We're looking for an experienced, dependable person to become a key part of our dryland farming operation. This is a long-term opportunity for someone with strong equipment operating and mechanical skills who takes initiative and can work independently.

We're looking for a trusted right-hand person who can help manage the daily workload and keep the farm running when the owner is away. Our goal is to build a reliable team, share responsibility, and make room for time off.

Duties and Responsibilities

- Operate tractors, drills, combines, sprayers, trucks, and other agricultural equipment.
- Perform planting, spraying, harvesting, grain handling, and other field operations.
- Diagnose equipment problems and perform maintenance and repairs.
- Transport crops, equipment, and supplies using farm trucks and trailers.
- Use computers, GPS guidance, and agricultural technology.
- Build and repair fences, gates, and other farm structures.
- Help plan daily work, coordinate with seasonal employees, and follow through with minimal supervision.
- Assist with general farm upkeep and other duties as needed.

Required Qualifications

- Experience operating agricultural equipment.
- Strong mechanical skills and the ability to troubleshoot and repair machinery.
- Valid driver's license and good driving record.
- Reliable, honest, punctual, and safety minded.
- Ability to take initiative, communicate clearly, and work independently.
- Basic computer skills.
- Ability to speak and understand English.
- Ability to perform physical work in varying weather conditions.
- Willingness to work extended hours during busy farming seasons.

Preferred Qualifications

- Bilingual in English and Spanish.
- Diesel mechanic, welding, and fabrication experience.
- Experience with GPS-guided equipment.
- CDL and pesticide applicator license.
- Experience taking responsibility for daily farm operations.

Schedule and Compensation

This is a **full-time, year-round position**, with competitive pay based on experience, qualifications, and the responsibility you can take on.

Hours vary seasonally, with longer days during planting and harvest. We want someone who understands the demands of farming and shares our goal of creating a manageable workload through teamwork and planning.

We’re looking for someone who takes pride in their work, cares for equipment, and wants to grow with our operation for the long haul.

To Apply

Email **legacyagro@icloud.com** with a résumé or a summary of your relevant experience, availability, and references.
